

## *LAS summer Club Descriptions*

### **Theater and Performing Arts Club**

Calling all drama queens and kings! The Theater and Performing Arts Club encourages students to embrace their dramatic side and participate in lessons, games, and exercises with a focus on theatrical improvisation. Discover how to channel your emotions into a creative outlet and learn about the technical elements of theater. Actors of all experience levels are welcome!

### **Sports Club**

Do you love to keep active? Do you have a passion for healthy living? Then the Sports Club is for you! The Sports Club teaches experienced athletes and newcomers alike the rules and skills necessary to participate in a number of different athletic activities. You will practice different drills, enhance your teamwork skills, and develop an appreciation of the role physical activities play in a healthy, balanced lifestyle.

### **Robotics and Coding Club**

Imagine a world where you could bring an inanimate object to life. It sounds like science fiction, but in the Robotics and Coding Club, this fantasy can become a reality. Students in this club will learn how to program robots to perform desired tasks, as well as develop an understanding of the fundamentals of coding that make robotics possible. If you have an inquisitive mind and a passion for puzzles, then this is the club for you!

### **Photography Club**

You see the world in a unique way, and the Photography Club is here to help you share your perspective with others! Photographers of all skills levels are invited to join this club and learn how to make the most of a camera, develop different strategies for capturing certain images, learn from and share ideas with others, and appreciate photography as an art form.

### **Music Club**

Music is a regular part of everyday life—it is a beautiful means of self-expression and an outlet for creativity. If you have a passion for music that you would like to explore, then Music Club is for you. Students in this club have the opportunity to choose from three different streams: guitar, piano, or music mixing. Students in this club will build on their

musical abilities, develop a deeper appreciation for music, and work in a team to prepare a song to perform.

### Filmmaking Club

Have you always wondered what goes on behind the scenes of a movie set? If so, you can find out in the Filmmaking Club! Students in the Filmmaking Club will learn key techniques used in film production, dream up stories they'd like to tell, and work together to create media they can be proud of. Ready... and action!

### Cooking and Baking Club

Do you want to be the world's next top baker or chef? Brush up on your culinary skills in the Cooking and Baking Club! Students will share their favourite recipes with their peers so that everyone gains a strong knowledge of cuisine from all around the world. Students will be able to experiment with different flavours and techniques and together they will create a new dish that is unique to LAS *summer*.

### Arts Studio Club

Picasso, is that you? Grab your paint brushes and pencils and head over to the Arts Studio Club! This club lets students build up their visual literacy and develop an artistic style that is unique to them. Students will learn about historical and contemporary art influencers and will learn techniques that cater to their skill level, whether they are a total beginner or have years of experience.
