

RESIDENTIAL LIFE

2.1 ARRIVALS AND DEPARTURES

For new students starting school in August or January:

Our school semesters begin with a mandatory Orientation Week in August and an Orientation Weekend in January for new students. Both orientations provide an important introduction to boarding school life. During these sessions, LAS students will:

- Meet their Dorm Heads and peers, who will join new students in activities designed to ‘break the ice’ and make them feel welcome at LAS
- Participate in short trial classes to get to know the campus better (August Orientation Week only)
- Receive all school materials and supplies (uniform, laptops, office supplies)

Parents will receive a detailed orientation package after their child has been accepted to LAS. We strongly request that students arrive on time and take part in all planned orientation activities, as this participation is critical to their successful transition to life at LAS.

Note: For more information regarding specific times arrival and departure times, please see [Section 3.57 School Breaks and Pass Arrangements](#).

2.11 BEFORE LEAVING LAS

Before each break in the LAS calendar (Winter Break, Spring Break, and Summer holidays), we require students to leave their rooms clean and orderly. If this is not the case, a cleaning fee may apply. In addition, students departing at the end of the school year (and those students leaving LAS after the first semester), must return the items listed below. Before returning the iPhone, students must deactivate their iCloud account—failure to do so will mean that the phone cannot be accepted. In the event any of these items are not returned, fees will be charged to the student’s personal account:

- Laptop and charger
- Phone and charger (if not purchased)
- SIM card
- School books (other than those purchased by students)
- Library materials
- Dorm fob

Using boxes provided by the school, all students must pack and clearly label their belongings before departure, as returning students will receive new room assignments the following year.

2.12 END-OF-YEAR SHIPPING AND STORAGE

LAS uses an external contractor to ship or store student belongings over the summer months. Students can request this service through their dormitories at the end of the year. For additional information on costs and scheduling, please contact TORNAY Déménagement at info@tornaysa.ch.

Please note that no "on-site" summer storage is available in the dorms or on the LAS campus. Bikes, furniture, and other items that will not fit into a box must also be stored with the storage company.

2.13 MID-YEAR SHIPPING AND STORAGE

LAS will store or ship belongings of students who depart mid-year. If no further instructions have been received within 6 months of departure, these items will be donated to charity.

2.2 WHAT TO BRING

Our alpine campus is located at 1,350 meters (4,400 feet) above sea level, with many hiking paths and ski slopes reaching even higher altitudes. Consequently, appropriate clothing and footwear for fall, winter, spring, and summer seasons are essential. While most items can be purchased in Leysin and nearby towns, we recommend that your shopping for listed items be completed prior to arrival.

2.21 CLOTHING

- Winter coat and/or jacket
- Raincoat and/or wind breaker
- Two sweaters
- Two sweat or running suits, two shorts, two shirts, five pairs of black or white socks
- Hiking shoes
- Athletic outdoor shoes
- Athletic indoor shoes (non-marking are mandatory for use in the squash court, MMAC, and weight room areas)

2.22 ACTIVITIES CLOTHING

All students take part in the afternoon activities program. Students should have at least two days' worth of athletic clothing along with any specialized sports equipment needed such as shin guards, volleyball knee pads, or mouth guards. LAS orders team uniforms, the cost of which is charged to the student's personal account.

2.23 SKI/SNOWBOARD CLOTHING AND EQUIPMENT

Students must wear the LAS ski/outdoor jacket at all times while skiing or snowboarding. These are available for purchase in the fall from Hefti Sports in Leysin. Students may bring their personal ski trousers, gloves, helmet, goggles/glasses, ski boots, skis, and poles or snowboard equipment, however, most ski and snowboard equipment, including boots, may be rented in Leysin. Skiers and snowboarders must always wear helmets and first-time snowboarders must additionally wear wrist guards. Both helmets and wrist guards may be purchased locally.

2.24 MISCELLANEOUS ITEMS TO BRING

- Towels and washcloths (bed linens are provided)
- Hair dryer (220v)
- Umbrella
- Book bag
- Musical instruments (These may be brought from home, rented, or purchased locally. Musical instruments are not included in the price of private instruction and are not provided by LAS)

2.25 CASUAL DRESS

In public spaces on campus, students may dress casually. Students are expected to be fully clothed in appropriate attire.

- Students may not wear clothing depicting drug, alcohol, or sexual references, or any type of offensive writing or graphics.
- Students may not, at any time, go to the dining hall wearing pajamas or clothing they wore to bed. Furthermore, clothing worn in common spaces should be suitable for a professional school environment, sufficiently covering a student's body.

2.26 FORMAL DRESS FOR BANQUETS AND SPECIAL OCCASIONS

Formal dress is required at banquets and special occasions. For boys this means dress pants, a jacket, and a collared dress shirt. For girls this means a suitable evening dress or pantsuit.

2.3 LIVING AT LAS

2.31 DORMITORY PHILOSOPHY

More than 60 years of experience in education tells us that if students feel at home in their living situation, they will be more able to perform to their full potential. For this reason, LAS views the idea of

“family” as central to the well-being and character of our entire school community. Given the distance many of our students are from their parents and home, we ensure a stable, caring, and supportive family-like environment, where students receive adult guidance through frequent daily *in loco parentis* interactions.

In regard to the family-like environment of our dormitories, LAS dorms provide a unique opportunity for students to gain a deeper understanding of other cultures. Students from throughout the world learn to live together in a shared community, gaining a greater appreciation of the ideas, values, and histories of one another’s respective cultures. Attending boarding school helps students become autonomous; at an earlier age students learn to manage not just their academics but also their living space, schedule, and behaviour. This experience ultimately reveals that as people, we have more in common than our initial differences might suggest. This realization is the first step in becoming a true “citizen of the world.”

2.32 ABOUT LAS DORMITORIES

- Each dormitory is equipped with a kitchen, common area, ski room, and laundry facilities.
- All dormitory rooms are furnished with the necessities for comfortable living and studying.
- The storage space in each room is limited, so please only bring a minimal amount of items.
- For safety and security reasons, all damages (whether intentional or as a result of normal wear and tear) must be reported to the Dormitory Head so that timely repairs can be made.
- Students will be held financially accountable for any and all damages to furnishings and rooms; a cleaning fee will apply for rooms that are left in a state that does not comply with section 2.431 of this handbook
- Additional furnishings and appliances are prohibited without the express consent of the Director of Residential Life.

2.33 LAS STUDENTS LIVE IN THE FOLLOWING SIX DORMITORIES:

- The Esplanade Dormitory (grade 7, 8, and 9 boys) has six faculty apartments, 22 student rooms, and a student lounge with an equipped kitchen for student use and two big-screen TVs. Ping pong and foosball tables as well as gaming consoles are available in the lounge. An exit on the dorm’s south side leads to a playground area overlooking the mountains.
- The Vermont Dormitory (grade 7, 8, and 9 girls) contains three faculty apartments and 17 student rooms. It also has the nicest student lounge at LAS with an equipped kitchen, desks for group study, a ping pong table, and couches on which to relax. As in every dorm, there is also a ski room. Vermont is situated in close proximity to the Fishbowl, one of our student lounges.
- The Savoy Dormitory (grade 10 and 11 boys) is the largest LAS dorm, located in the Savoy building, which also contains classrooms, the main school kitchen, a cafeteria, the main Health Center, Black Box Theater, a library, the campus store, and school administration offices. The dorm itself contains ten faculty apartments, 32 student rooms, four student lounges with two equipped kitchens, two big screen TV receivers, a ping pong table, and two ski rooms.

- The Beau Site Dormitory (grade 10 and 11 girls) comprises the top three floors of the Beau Site building, which also contains the Math and Science classrooms. Beau Site is also home to the Valley View room, a large general-purpose room used for dorm meetings and events. Beau Site has eight faculty apartments, approximately 25 student rooms, and a large student lounge with a kitchen and dining area, couches, and a large screen TV for relaxing and socializing.
- The Belle Époque Boys Dormitory (grade 11 and 12 boys) is located within the Belle Époque building (the former Grand Hotel of Leysin), which also contains classrooms, a dining hall, school administration, the Grande Salle concert and events hall, a library, The Cave students' club, a fitness room, and a large Art Center Studio. The Boys Dorm itself contains seven faculty apartments, 23 student rooms, a lounge with an equipped kitchen, TV lounge, and a common ski room.
- The Belle Époque Girls Dormitory (grade 11 and 12 girls) is also located within the Belle Époque building, and contains five faculty apartments, 26 student rooms, a TV lounge with an equipped kitchen, and a common ski room.
- Note: Printers as well as laundry and ironing facilities are available in each dorm.

2.34 COMMUNITY ACTIVITIES AND ENTERTAINMENT

The village of Leysin hosts a number of outdoor activities throughout the year. There is also an English movie theatre, small independent art galleries, athletic events, and occasional concerts representing many styles of music.

To begin exploring Leysin, visit one of the links below:

www.myswitzerland.com

2.4 LIVING IN A DORMITORY

2.41 SUPERVISION

Each LAS dormitory is home to several live-in faculty members known as Dorm Parents. Dorm Parents share on-call duties in their dorms on nights and weekends throughout the school year. In the case of an emergency, the Dorm Parent on duty will be the primary contact in addition to the Dorm Head. Assigned student prefects, ambassadors, and senior proctors also are on hand to assist Dorm Parents throughout the evening. Students will become familiar with the apartment locations and contact numbers of the Dorm Head and Dorm Parents in case of an emergency.

2.42 ROOMING ASSIGNMENTS

Rooming assignments for returning students are based upon requests made at the end of the previous school year. Students may submit roommate choices, and in some cases, request a specific dorm. While LAS will attempt to fulfill these requests, the overall LAS policy of boarding students from diverse backgrounds will prevail. In cooperation with the Director of Residential Life, Dorm Heads will place those returning students not making a request in available rooms according to our rooming policy. New students will be placed once returning students have been assigned a room. The assignment process is complex and involves factors such as seniority (the student's length of stay at the school), grade, and language balance in a given room.

Occasionally, rare exceptions to these rules are made. While dormitory and room placements are usually fixed, a student's relocation from one dorm to another occurs only in extraordinary cases where safety or behavior issues are concerned. In other cases, students may find themselves housed in a different dormitory than requested due to space issues, leadership positions, or age considerations. The Director of Residential Life must approve all dorm reassignment changes, while respective Dorm Heads must approve all room reassignment changes. No room or dorm reassignments are permitted during the first month of each semester, regardless of arrival date.

While LAS strives to keep students in their originally assigned rooms, because of unforeseen or impromptu circumstances, students may need to be moved during the school year. LAS reserves the right to make these changes as needed for the purpose of dormitory harmony.

2.421 Roommates

Living with a roommate offers a unique opportunity to learn about another background and culture and, potentially, form a bond of friendship that lasts a lifetime. At the same time, learning to share a common space, especially for teenagers, can be a challenging experience. Differences between roommates are not uncommon as they seek to reach that perspective of mutual respect and honest communication. Recognizing this fact, our experienced dorm staff works extensively with our students to mediate and foster positive roommate relationships. An initial period of adjustment is natural for any new roommate arrangements; therefore, LAS will not consider or make any requested room changes for students until one month after their arrival, regardless of their arrival date. After this period, a student may request a room change.

Since LAS maintains an open admission where new students can be accepted throughout the semester, students should realize that they might acquire a new roommate at any point in the school year. In this case, students must have their room ready 48 hours before a new roommate arrives.

2.422 Language Considerations

To encourage cultural curiosity, understanding, and appreciation, dormitory room assignments seek to bring together students who speak different languages and are from diverse cultures. This pairing requires the use of a common language (usually English), which helps our ELA students develop their English language proficiency. To support this approach, non-English speaking students will not room with speakers of their native language. However, a grade 12 student may be allowed to room with

another of the same language background if that student has been enrolled at LAS for more than one year, has achieved an IELTS graduation requirement score of 5.5, and the room reassignment is logistically possible.

2.423 Mediation

People who live together occasionally encounter differences. The challenge then is how to resolve these differences positively through open communication. At LAS, we employ a formal mediation process to resolve any dorm-related conflicts that arise between two students. This process involves adults (dorm staff or faculty parents) to set up a forum for mediation and then supervise the meeting between the students in question. When a resolution is reached, it is reflected in a written statement that is shared both with the students and their faculty parents. With any student conflict, we complete this mediation process before any other actions are taken.

2.43 COOKING, CLEANING AND DECORATING ROOMS

2.431 Cleaning Rooms

Each dormitory maintains a professional cleaning staff to clean dorm room bathrooms and floors, wipe desktops, dispose of garbage, and provide clean bedding. However, we ask that students take responsibility for the following actions in keeping their dorm rooms tidy:

- Floors must be free of garbage, clothing, and other personal items.
- Study areas should be clear and shelves used for books only.
- Shower and toilet areas must be clean and clear of debris.
- Beds must be made daily.
- Laundry must be in clothes baskets.
- No open food or empty food containers should be present.
- All lights and electrical items should be turned off, and secure areas and room doors locked when the room is vacant.
- The room should be odor free and students are expected to minimize odors created by perfumes, food, unwashed laundry, and body odor.
- Trash cans that have reached capacity should be emptied in the hallway bins.

Students who fail to meet these expectations may face disciplinary measures and will be held financially accountable for any damages to rooms.

2.432 Room Decorations

Room decorations depicting tobacco, alcohol, drug use, and/or the paraphernalia associated with these activities are prohibited. Images featuring nudity, sexually explicit material, violence, discrimination, and/or racism are also forbidden. To prevent damage to room surfaces, we ask that students follow these guidelines:

- The dorm room door must be free from obstruction.
- Nails, tacks, and staples cannot be used on wooden surfaces.
- White sticky tack only can be used on white walls.
- Stickers are not allowed on any surface in a room.

2.4321 Candles and Open Flames

Candles and incense are not allowed to be burned in the dorm rooms because of the fire hazard, and the smoke could potentially activate the building's fire alarm. This also includes any other object which is flammable such as incense, etc.

2.433 Laundry Facilities

LAS students in grades 9-12 are responsible for their own personal clothes laundering. Each dormitory is equipped with adequate laundry facilities for personal laundry. Dorm staff will review laundry room etiquette with students at the beginning of each school year and through periodic reminders.

LAS also offers a weekly laundry service for bedding. Once a week, students should strip their bedding and leave it in the hallway for the housekeeping staff to collect. That same day, students will collect a clean set of bedding.

Laundry facilities with laundry powder are available in all dormitory halls free of charge.

For students in grades 7 and 8, a laundry service is provided. In the life skills curriculum, they will learn to do their own laundry. They are expected to be able to do this on their own by graduation from Middle School. If they prefer not to use the service they can be exempt if they can demonstrate that they can do this task.

2.434 Cooking In The Dormitory

Each LAS dorm offers suitable kitchen facilities. As this communal space is shared by the entire dorm, students are asked to clean up after using the kitchen. Misuse of these facilities could lead to closure. With the exception of water boilers, students are not allowed to have any cooking appliances in their rooms. Water boilers must be unplugged when not in use.

2.4341 Refrigerator Rental Program

Please contact the Director of Residential Life for information on such rentals.

2.435 Pets

Pets of any kind (including fish) are not permitted.

2.44 GUIDELINES FOR ELECTRONICS

2.441 Computer Usage

All LAS students receive a fully-equipped personal laptop computer to use throughout the school year. For this reason, we ask that students do not bring a second personal computer to school, as it may prove to be a distraction. We do encourage computer usage for academic pursuits and to communicate with friends and family, however, it is not permitted after lights-out curfews or for non-academic work (videos, video gaming, chatting) during study hall times or class time.

2.442 Video Gaming

LAS recognizes that video gaming can be both a fun and relaxing pastime and a distraction from academics, healthy sleep, and other responsibilities. LAS defines video gaming and the use of associated technologies as a privilege, as opposed to a right, which is allowed at specific times and places in the dorm. We encourage students to maintain a balanced life, and thus encourage moderation when it comes to video gaming.

In Esplanade and Vermont in-room consoles and gaming computers are prohibited. There are gaming centers in the lounge for students to play. In the other dorms, video gaming consoles are controlled and there are policies for when a student may have it in their room to play. If dorm staff believes a device is interfering with a student's academics, healthy sleep, or other responsibilities, LAS reserves the right to confiscate secondary gaming devices, including but not limited to personal and school computers.

Video gaming during study hall is also prohibited, as study hall is for the sole purpose of academic enrichment. Moreover, if a student's video gaming on his personal or school computer interferes with academics, healthy sleep, or other responsibilities, a specific case-by-case response from the school, as determined by the Dorm Head, will go into effect. For example, a student's computer could be stored away from the student overnight to encourage them to sleep. Or, if a student prioritizes video gaming over other school commitments, dorm staff might confiscate the device for a period of time and guide the student toward better prioritization. The school's response to repeated, chronic, or gross abuse of video gaming rules could include disciplinary measures from the Dean of Students Office and/or emotional support from the Health Center.

2.443 Drone Usage

Students who own drones must register them with the Director of Safety and Security. They will be provided with the most up to date Swiss and LAS regulations relating to the flying of drones. Drones may not be flown without permission.

2.444 Audio/Video/Desktop Printing Equipment

We do not permit televisions and extensive stereo equipment in dormitory rooms. Televisions are available for use in each dormitory lounge. Students may use external computer screens (max 25") for their laptops in their dorm rooms. School printers are available in each dormitory.

2.445 Grade 7, 8, and 9 Electronic Device Policy

We are committed to providing quality duty of care in regards to our youngest students' use of electronics.

Students in grades 7, 8, and 9 will be provided with a school MacBook. This is the only laptop that a student may use and possess.

We will be able to manage this device and set it up to give students the flexibility and access they need and want while also protecting them.

If a student in grade 7, 8, or 9 has their own computer with them, we will store it for them in a safe location until they leave school.

2.446 Technology Guidelines for Study Hall

Students in grades 9-12 should be studying at their desks in their dorm rooms. Electronics should only be used for educational purposes and the following activities are not permitted during Study Hall: Skyping or checking social media, playing video games, or watching entertainment videos on personal devices. We reserve the right to confiscate any electronic device for any amount of time if it is deemed an interference to a student's correct use of study hall.

2.45 INAPPROPRIATE DORMITORY VISITS

LAS dormitories are separated by gender, therefore unaccompanied students should never be found in a dormitory other than their own without the consent of the responsible Dorm Head or dorm staff of that dormitory. Guests or visitors to LAS are not allowed in our dormitories at any time without permission of the Dorm Head or dorm staff.

2.451 Sexual Relations

We believe that a boarding school is not an appropriate place for sexual relationships. If students are engaged in sexual relations they will be referred to the Health Center. The Health Center offers confidential counseling. We have sex education sessions in our dorms.

2.46 SEARCH POLICY

We reserve the right to inspect or search personal belongings (including any electronic devices such as phones or computers) or dorm rooms at any time. We exercise this right in the event of suspected theft, tobacco, alcohol, or drug use or other serious concerns. In these cases, students may be asked to turn out their pockets or have their jacket pockets searched.

2.47 DAY STUDENTS & FIVE-DAY BOARDERS

Day students who attend the school but live at home should leave the campus following their last school obligation of the day. They should not return to campus until 07:00 the next day. If they have incurred any infractions, they must serve them on the weekend in the Savoy building. We expect day students to model the expectations of an LAS student while in Leysin.

Five-day boarders who travel home on the weekends should leave following their final school obligation on Friday. Those intending to stay on campus over the weekend must have their parents email their permission to the proper travel coordinator (grade 7, 8, and 9 Coordinators, the Assistant Dean of Students BEC or the Associate Dean of the Savoy Campus) by 13:00 Wednesday. There is a fee of 150 CHF per day for five-day students who stay the weekend. Without receipt of this emailed permission, LAS cannot be held accountable for these students, who will be considered in the guardianship of their parents. If a five-day boarder has incurred any infractions, they must serve them first before leaving the campus for the weekend.

2.48 SKI EQUIPMENT

Spring Break marks the end of the LAS ski season. Students should prepare to take their skis or snowboard home at break or store them using Tornay Déménagements. All ski rooms will be cleaned at the end of the year, and thus skis, snowboards, and boots must be removed.

All items left will be donated to the Leysin community.

2.5 DORM SCHEDULE

As with every school, LAS students follow a daily schedule. Depending on the day and grade level, students should prepare to be in their dorm rooms for designated periods of time. Once a student is checked in to a dorm for the night, they may not leave unless given permission by a member of the dorm staff. All students are expected to remain in their dorms until 06:00 the next morning. Any absence from the dorm during this time could result in an off-campus suspension.

2.51 LEAVING DORMS FOR CLASS

Students cannot be in the dorms during the school day. Students are expected to exit the dorms in time to arrive before the start of their first class.

Furthermore, as LAS dorms are not staffed during the day, we consider it unsafe for students to remain in the dorms during the academic day unless special arrangements have been made. Therefore, dorms are closed during the academic day, and students are not allowed to return to their dorm rooms until the end of the academic day.

2.52 STUDY HALL

Study hall begins with a dormitory check in at 19:45 every Monday through Thursday and at 19:15 on Sunday. Each dorm will outline the specific study hall expectations during the fall orientation. Students are expected to respect designated quiet times in all dorms throughout the week—during scheduled study halls, before school begins on weekdays, before 10:00 on weekends, and after 22:00 throughout the week.

2.53 CHECK INS AND LIGHTS OUT TIMES

Curfews and lights out times ensure that students gain the proper sleep to function productively. Both are set according to each dorm and grade level.

2.54 WEEKEND CHECK-IN

To ensure the continued safety of our students, we ask that all students formally check in between 10:30-11:00 on Saturdays and Sundays at either the Savoy or BEC cafeterias. During weekend days, faculty assigned to roving duty will make their rounds on the LAS campuses.

2.55 CHECK INS AND LIGHTS OUT

Fall and Spring Schedule								
Grade	Check-in Mon-Thurs	Lights out Sun-Thurs	Check-in Friday	Lights out Fri-Sat	Check-in Saturday	Brunch Check-in Sat-Sun	Check-in Sunday	Check-in Sunday
7 & 8	19:45	22:00	19:00 & 21:30	22:00	19:00 & 21:30	10:30 - 11:00	15:00	19:15
9	19:45	22:30	19:00 & 22:30	23:00	19:00 & 22:30	10:30 - 11:00	N/A	19:15
10	19:45	22:45	19:00 & 22:45	23:30	19:00 & 22:45	10:30 - 11:00	N/A	19:15
11	19:45	22:45	19:00 & 23:00	23:30	19:00 & 23:00	10:30 - 11:00	N/A	19:15
12/13/P G	19:45	23:00	19:00 & 23:15	23:30	19:00 & 23:15	10:30 - 11:00	N/A	19:15

Winter Schedule								
Grade	Check-in Mon-Thurs	Lights out Sun-Thurs	Leave Dorms Tues & Thurs	Ski Check-in Tues & Thurs	Check-in Friday	Lights out Fri-Sat	Check-in Saturday	Brunch Check-in Sat-Sun
7 & 8	19:45	22:00	13:00	16:00 - 17:00	19:00 & 21:30	22:00	19:00 & 21:30	10:30 - 11:00
9	19:45	22:30	13:00	16:00 - 17:00	19:00 & 22:30	23:00	22:30	10:30 - 11:00

12/13/P G	19:45	23:00	13:00	16:00 - 17:00	19:00 & 23:15	23:30	23:15	10:30 - 11:00

2.6 DINING HALLS AND MEALS

2.61 MEAL OPTIONS

The LAS dining halls offer a wide range of menus, including several cultural options each month. At breakfast, students can select a hot food option, as well as cereal, juices, and milk. Soup, a comprehensive salad bar, charcuterie, and sandwiches are available at lunch, as well as a hot food option. A well-balanced hot dish is offered at the evening meal with a “dessert du jour.” Every mealtime includes a hot vegetarian option and non-pork meat option.

2.62 ETIQUETTE

While in the dining halls, we ask that students maintain a standard of behavior that is respectful of other diners and the kitchen staff. Students should refrain from shouting and loud talk, and return their dishes and tray to the dish service before leaving. Students should abide by the expectations of casual dress in section 2.25 of the student handbook.

2.63 OFF-CAMPUS DINING

During the academic school day, students may eat off campus, however, dining locally does not serve as an excuse for tardiness or absence from classes. Students should plan ahead and allow for additional transportation time back to campus so they arrive to class on time.

2.64 GRADE 7 AND 8 MANDATORY MEAL

Grade 7 and 8 students have mandatory meals. They must check in for breakfast from 07:30-07:45 every school day. Sunday through Thursday there is also a mandatory dinner. Dinner check in is from 17:45 - 18:15.

2.65 GRADE 9 BREAKFAST CHECK IN

Grade 9 students must check in every school morning 7:30 - 7:45 at breakfast.
